Operation Barbarossa – The sequel

[Operation Otto Preliminary Plan for Operation Barbarossa — August 5th, 1945](#)

I think that his opening sentence is too simplistic, but it's a good summary of where we are at, with plenty of links in the source document

"After Germany under Hitler signed a peace agreement with Russia in 1939 not to invade Russia as Hitler's two books (in 1925 and in 1928) had said that his imperialist-fascist regime would do (invade Russia in order to use Russia as "Lebensraum" for Germans), but then Germany *did* invade Russia in Germany's biggest-ever military operation, Operation Barbarossa, which lasted four years but failed, and so Germany *lost* the WW2 that it had started; today's Germany, under the control of the post-WW2 fascist-imperialist U.S. regime, is this time actually threatening to join with that fascist-imperialist American regime in order to invade Russia in an alleged 'self-defense' against Russia's having finally invaded, in 2022, not Germany or any other NATO nation, but instead Russia's nearest neighbor (only 317 miles away from The Kremlin) Ukraine. The U.S. regime had grabbed control of Ukraine in 2014, in order to get Ukraine into NATO so that an American nuclear missile could be placed there and blitz-annihilate Russia's central command within only a five-minute missile-flight-time away from The Kremlin. Russia then finally demanded, of the U.S. regime and its NATO anti-Russian military alliance, on 17 December 2021, a promise never to allow Ukraine into NATO; but, on 7 January 2022, the U.S. and its NATO both refused; and, so, on 24 February 2022, Russia invaded Ukraine, because it's the only remaining way that Russia can prevent a U.S. nuke becoming positioned only 317 miles away from The Kremlin."

In fact, the U.S. regime's intent to capture Russia is blatantly obvious by now; and, so, Germany's now preparing to join the U.S. regime's planned Operation Barbarossa #2 is clearly its return to Nazism, but this time under America's leadership. It's blatantly obvious because, when Finland in 2022 joined America's NATO anti-Russian military alliance, the U.S. Government required Finland's Government to allow onto Finland's territory U.S. nuclear weapons so that the U.S. would be able to place its nukes only 507 miles away from The Kremlin — not as close as-if they could be placed in Ukraine only 317 miles from The Kremlin, but nonetheless closer than yet exists

— and Finland said yes to that outrageous demand by the U.S. regime. So, Finland knew, at the time, that the real purpose of Finland's joining NATO is not defensive against Russia (such as the lying Finnish leaders were claiming) but is extremely offensive against Russia. Back in WW2, Finland was participating in Nazi Germany's Operation Barbarossa to conquer Russia; and, now, Finland's Government wants to give that Operation a second try, but, this time, under American, instead of German, leadership.

Germany is planning for the invasion ('deterrence') to occur in 2029. Here is the opening of *Der Spiegel*'s 5 June 2024 article on that subject:

"Pistorius calls for military readiness by 2029: The Defense Minister is calling on Germany to be prepared to defend itself in an emergency. He does not believe that Putin's desire for war will stop at Ukraine's borders."

Because of the threat from Russia, Defense Minister Boris Pistorius wants to strengthen the Bundeswehr's operational readiness. "We must be ready for war by 2029," said the SPD politician on Wednesday during the government questioning in the Bundestag. "We must not believe that Putin will stop at the borders of Ukraine if he gets that far," said Pistorius. Russia is not only a threat to Ukraine, but also to Georgia, Moldova and ultimately to NATO. "We must provide deterrence to prevent things from getting to the worst."

He knows that this "deterrence" is only a lie. He knows that the war in Ukraine started in 2014, as both NATO's Stoltenberg and Ukraine's Zelensky have admitted, and NOT in 2022, such as the U.S. regime itself constantly lies to claim — and as Pistorius and other German officials parrot. The war in Ukraine was started in February 2014 by the U.S. coup that replaced the democratically elected and neutralist President with a U.S. selected and rabidly anti-Russian leader, who immediately imposed an ethnic-cleansing program to get rid of the residents in the regions that had voted overwhelmingly for the overthrown President. Russia responded militarily on 24 February 2022 in order to prevent Ukraine from allowing the U.S. to place a missile there a mere 317 miles or five minutes of missile-flying-time away from The Kremlin, and thus too brief for Russia to respond before its central command would already be beheaded by America's nuclear strike.

So: is Germany's Government insane, or is it outright evil, to be doing this? But isn't that question like asking whether Hitler was insane, or was he outright evil? And, above all, is America's Government insane, or is it instead outright evil? Of course, the answer to such a question will depend upon how those two terms ("insane" and "evil") are defined. But the facts of the matter are not seriously in dispute, in either case. This is a planned repeat of Operation Barbarossa, but this time for America's imperial regime, instead of for Germany's. And the press, in all of these countries, is hiding, instead of reporting, the reality.

Investigative historian Eric Zuesse's latest book, *AMERICA'S EMPIRE OF EVIL: Hitler's Posthumous Victory, and Why the Social Sciences Need to Change*, is about how America took over the world after World War II in order to enslave it to U.S.-and-allied billionaires. Their cartels extract the world's wealth by control of not only their 'news' media but the social 'sciences' — duping the public."
